

Weekly Geography Revision Plan

You should be spending at least 1 hour a week on geography revision in the run up to exams and you should start your revision programme early. The tasks listed below will take more than 1 hour a week so choose the ones that help you the most. This is to be used alongside revision done in class and intervention sessions.

Regular revision is the key to success at GCSE – remember ‘**little, but often**’ – 15 mins focussed **active** revision followed by a short break preferably in another room. Then return to revision and so on...

Just reading is not usually effective revision – make revision active:

- Make and use revision cards – look, cover, remember (even better – get someone to test you on the contents).
- Make mind maps and display them around your room
- Practice questions and mark them – ask yourself – ‘Why did I drop marks? What do I still need to learn?’

Week beg	Review (CGP guide pages are those from the 2019 edition)	Revise	Practice	In lesson time	Intervention sessions
4th Jan	CGP guide p69-72 Urban growth	Make and learn urban terms cards – use look, cover, remember	Urban Issues Q1	Global energy issues
